Therapy Information Packet Summary

Thank you for taking the time to complete and share the attached information with UCP's Therapy Department. All information attached will help us best serve and support your child and family.

Please fill out all forms in black ink.

General Information (page 1)

This page includes general information about your child including child's full name, date of birth, parent's name, etc. The page is required and to be completed in full and returned to UCP.

Medical/Developmental History and Preferences (pages 2 and 3)

These pages give us specific medical and developmental history of the child. Listing preferences helps the therapist to motivate your child and get to know them during the first session. These pages also include availability questions to assist with scheduling therapies.

Voluntary Information (page 4)

This page is voluntary information and will not be connected with your child's file. It is used for support in writing grants and applying for contracts. This form is optional but if it is completed, it is to be returned to UCP.

Consent to Use Insurance (page 5)

This page allows UCP to submit claims to your primary and secondary insurance company. If your child is eligible for the Division of Developmental Disabilities (DDD), it is a requirement within our DDD contract to bill the primary insurance first. A copy of your insurance card(s) (front and back) necessary to keep on file. The page is required and to be completed in full and returned to UCP.

General Consents (pages 6, 7, 8, and 9)

These consents are used to allow UCP's Therapy Department to connect with professionals who also support and help your child. People or professionals include but are not limited to: Primary Care Physician, Medical Specialists, Family Members, Caregivers, and Respite/Habilitation Providers who are participating in therapy sessions, Childcare, School Team, etc. At minimum UCP needs permission to communicate with your child's PCP in order to coordinate therapy services and other recommended referrals.

****For consents for PCP, the Authorization to Disclose AND Consent to Share will need to be completed.** For others like Respite, Habilitation, or School, the Consent to Obtain AND Consent to Share will need to be completed. If you need additional forms, please ask the front desk or your therapist directly.

Notice of Privacy Practices (pages 10 and 11)

The Notice of Privacy Practices explains your rights for your child and how their protected health information is managed. The first form is your copy to keep and the second is for you to sign and is required to be completed in full and returned to UCP.

Attendance Policy (page 12 and 13)

This form is used to share UCP's Therapy Program Attendance Policy and General Expectations. Page 12 is for you to keep in your child's file and page 13 (the signed copy) is to be returned to UCP.

UCP Therapy Attendance Policy

Our Commitment to You

Due to the nature of therapy services, our therapists strive to give each child and family the time and attention they need. We are grateful for your patience and understanding when available time slots may not meet your expectations or needs. We will attempt to serve all family's needs equally.

Attendance Policy

UCP of Central Arizona is dedicated to providing high quality of services. Your scheduled appointment time is very important to us so we may maximize the level of success with your child's plan of care.

We understand issues may arise that interfere with scheduled appointments, however, we do require a 24-hour cancellation notice or a fee may be applied. Please contact your child's therapist(s) directly to cancel an appointment. You may also contact our office at 602-943-5472 ext. 1844 to report any need to reschedule or cancel an appointment. Below are definitions pertaining to attendance and your expected responsibility for communicating with our office:

- ILLNESS/SICK:** If your child is not well, they will not benefit from the scheduled therapy session(s). If your child has had a fever over 100°F or has had an infection in the 24 hours prior to the appointment, your child is ill. As a courtesy to your therapist and the other children and families UCP serves, you will need to cancel your appointment(s). The appointment(s) will be rescheduled if possible.
- CANCELLATION:** A cancellation is defined as communicating with UCP of Central Arizona, canceling a scheduled appointment with a minimum of 24-hour notice. The appointment will be rescheduled if possible. If cancellations exceed 2 scheduled appointments within a 4 week period, it may result in the discontinuation of services or a loss of the scheduled time for recurring appointments. Cancellations due to illness will not be penalized. Excessive cancellations due to illness may require a doctor's note.
- LATE CANCEL:** A late cancellation is defined as communicating with UCP of Central Arizona, canceling a scheduled appointment with LESS than 24-hour notice. In this case you may be responsible for a late cancellation charge. The appointment will be rescheduled if possible.
- LATE ARRIVAL:** A late arrival is defined as arriving after your scheduled appointment time. In the event there is a conflict that will prevent you from arriving on time, we request you notify UCP of Central Arizona as soon as you can safely do so. All attempts will be made to deliver the scheduled service within the remaining time of your scheduled appointment. You may be responsible for a late cancellation charge if we are unable to provide the scheduled service in the time remaining once you arrive.
- NO-SHOW:** A no-show is defined as missing a scheduled appointment without notifying UCP of Central Arizona prior to your scheduled appointment time. If there are 2 no-shows for a scheduled appointment within a three month period, it may result in the discharge services or a loss of the scheduled time for recurring appointments. You may also be responsible for a cancellation fee.

Please keep in mind that when appointments are missed, 3 people are affected: Your child, since they don't get the treatment they need as prescribed by the therapist, the therapist, since they now have a space where your child's appointment was reserved, and another child who could have been scheduled for therapy if our clinic was given the proper notice.
